### **AGENDA**

*1. Should solo be added to Hip Hop Battle? (Would this be good? Perhaps in the junior division?)*

*It was decided that the rules we used in Graz should be put in to the IDO rules book and Carsten Rott and Kirsten Dan Jensen, will polish them, and they should be valid from the time of insertion in the Rules Book*

*2. Formation Music*

*The music should remain with the tempo limit (up to 120 bars) We now have real Hip Hop formation, even though it has been hard to check all formation this year.*

*3. Final with 3 -D (TCI )*

*The Hip Hop committee does not want to use this system. They want to use their time looking at the dancers, and they have the last minute to evaluate, so we will stay with crossing and placement. The entire Street Dance Department has decided this now.*

*4. The new way of running The Street Dance Committee.*

*There was a short briefing by Kirsten Dan Jensen*

*5. Nominations for a Chairperson, by email, at least 1 month before the meeting. Only Kirsten Dan Jensen was nominated*

*6. Election: Kirsten Dan Jensen was elected again for the next 3 years. Kirsten thanked everyone for the election.*

*7. The proposal by the Adjudication Department to change the structure of the marking system for Production as presented to this committee was accepted and recommended to the Presidium for passage at the AGM.*

*8. The proposal by the adjudication committee to allow children to lift and be lifted was also accepted and recommended to the Presidium for passage at the AGM.*

*The meeting was finished in good order at 22.00 pm, and Kirsten Dan Jensen thanked everyone for coming and for a good meeting.*

*Best regards,*
